The stock market of yesterday maintained its opward tendency and was

Before the hour for the daily call at the stock and mining exchange, Manmooth was largely dealt in on the streets at \$2.30 a share, and the office of the company was besieged early in the day by buyers who wished to transfer stock, and all was expectancy the investment. when Mammoth was first called in the floor of the exchange. The first transfer was at \$2.25, and then, like a halloon, this stock went up, skipping all the low places until the \$2.40 mark was reached, and on the streets after call, it was wanted in blocks of 1,000 shares at \$2.50.

Mercur also made a strong showing and sold readily at \$6.95 and \$7, the president of the company, Mr. John Dern, being among the purchasers of Sunshine was again recalled as a fa-

vorite and figured quite prominently hitting it hard. From \$3.40 bid at the opening, the stock advanced to \$2.88, which was an advarce of 10 cents over the highest bid of the day before, and at this figure 100 shares changed Bullion-Beck made a noticeable ad-

Bullion-Beck made a noticeable advance in the bidding, while Centennial-Eureka closed at \$55 bid and \$76 asked, 10 shares being wanted at \$74.

Daly was a prime favorite and advanced to \$7.55 in the bidding, being the highest point reached by this stock since the opening of the exchange. The lowest offering was at \$8.

Daly West also made decided gains and was not far from its near neighbor in the bidding as it was wanted at \$7.50.

in the bidding as it was wanted at \$7.59. offered at \$8.50

Orered at \$8.50.
Daiton and Lark was in good demand and chronicled sales at 50% cents.
East Golden Gate was inactive, selfers holding out for 55 cents. The call closed at 51 cents bid.

Silver King remained stationary at

\$15 bid, the only offering being at \$16.75. Utah still continued its upward ten-

Utah still continued its upward tendency and closed strong at \$1.70 in the bidding, with no sellers in the pit.

Of the unlisted stocks, Swansea again developed skyrocket tendencies, as in the bidding it advanced from 65 to 75 cents, offered at \$1.

Dalton was in fair demand at slightly advancing figures, and two sales were recorded. As most of the beavy holders of Dalton paper have pooled their stocks, there cannot be much activity in this property until the compact is dissolved, and the fluctuations of the quotations of this stock tions of the quotations of this stock cannot cut much of a figure in its real

Little Pittsburg asserted itself at 2% ents, 2,000 shares finding a market at this figure.

The unlisted stocks as a rule were a little demand, and but few bids or them were recorded.

The transactions of the day were as follows:

SALES OF STOCK. 500 Dalton and Lark at 50% cents, 100 Mercur at \$6.95. 100 Mercur at \$7. 100 Mammoth at \$2.25. 400 Mammoth at \$2.35. 300 Mammoth at \$2.40. 100 Sunshine at \$2.80.

Besides the amount earned as inter-est in the way of dividends, there is at the present quotations on nearly all of the listed stocks on the board of the Salt Lake mining exchange, an almost certainty of handsome advances in prices; which, in many instances, will far exceed the returns in the way of dividends, which in themselves amount lead, \$2.90; casting copper, 10% cents. Bank Clearings. The clearings of the associated banks

day dends, which in themselves amount to handsome sums in the course of the year.

Yesterday were \$259,339. For the same day last year they were \$224,115. As today is a legal holiday, the banks will Among the gilt-edged stocks which be closed. ally present themselves to the public we will mention a few, as follows:

The Ontario stock, at \$12 a share, with Hs regular monthly 10 cent dividend, pays 10 per cent, per amum on the investment.

Mining Notes and Personals. A. H. Bemis, of Bingham, is in the The Dalton and Lark yesterday re-

The Silver King at \$15, with a regular ceived 154 tons of ore. President Theodore Bruback, of the

Marion Mining company, leaves for New York tonight, being called there on account of the ill-health of a sister. The Bullion-Beck at \$7, with its 25 cent dividend, pays 42 per cent, and would be a 80 per cent, investment with its stock at \$10 a share. The Bullton-Beck paid \$3.75 a share in 1895, which is The Centennial-Eureka mine has increased its force and has of late opened up fine ore bodies on the 400 and 1,100 foot levels, the mineral going 100 ounces in silver to the ton and

Beck paid \$3.75 a share in 1895, which is 37½ per cent. at \$10 a share.

Centennial-Eureka at \$60, paid 30 per cent. on its capital stock in 1895, and this stock has now advanced to \$75.

Mercur, during the past year, has paid 21 per cent. on \$6 stocks, and with the proposed increase in its milling capacity, the company will pay 30 per cent. on its stock at \$10 a share.

Litah at \$1.50 per share, pays 16 per obter consignment. Frank Wilson of DeLamar, Nev., who Is working the April Fool group of mines at that place, is in with a ship-ment of 25 tons of high grade gold ore, which is to be followed soon by an-Utah, at \$1.50 per share, pays 16 per cent; while Galena pays about 20 per F. M. Smith, of this city, is out with a

new invention in the way of a patent tank for cyanide or leaching mills, the main feature of which is the conveni-ent discharge of the tallings after the solution has been drawn off. Dalton & Lark, at 50 cents a share, pays 12 per cent., and the mining expert who recently examined this property, comprising five producing mines, stated in his report that in the Dalton The Anaconda Mining company has

& Lark mines alone there was enough ore blocked out and in sight to pay 80 declared a dividend of 62% cents per share, payable May 31. This disburse-ment is at the rais of 10 per cent per annum. Future dividends will be deore blocked out and in sight to pay 80 per cent, of the capitalization of the company, which is placed at \$2,500,000; to say nothing of the fine showing made in the other producers embraced in the Dalton & Lark group.

Daly and Daly-West, and Mammoth, along with a sense or more of other clared semi-annually, in April and Oc-

Utah mines will surely become good interest-paying properties in the mear future.

These are facts, the figures speak for themselves and cannot be successfully disputed; therefore, for safe and profitable investments, take a flyer in good Utah mining stocks.

J. T. Ashman and Roy James, of Fillmore, were in the city yesterday on mining business. Mr. Ashman states that there is considerable activity just now at Antelope, a few miles east of Fillmore, and that nearly all of the desirable ground in that locality has been taken.

G. R. Bothwan

of pulp, and the zinc shavings catching the gold dust in good shape. He also states that the Geyser mill is running smoothly and that the cyanide product is being shipped almost week-

The Stock and Mining exchange has just published an attractive folder con-taining Colonel J. W. Donnellan's addresses on the "Rand and the Mercur,"
"The Mines of Utah," together with
an article from his pen on the "History
of Utah Dividend Paying Mines."
These folders can be obtained on application from the secretary of the stock
exchange.

C. B. Durst and brother, Dr. D. P. Durst, who visited Mercur Sunday and Monday of this week, express themselves as being highly pleased with what they saw there. Both of these gentlemen went through the Mercur mine and were astonished at the mammoth bodies of ore exposed, and over the fact that in every drift, no matter which way it was driven, it was all the time in ore. C. H. Schue, who returned yesterday the time in ore.

from a trip to Evanston, Wyo., brings Superintendent J. D. Kendall, of the Centennial-Eureka, came in from the mine yesterday. On account of the unforseen absence of Treasurer W. W. with him the news that while there he negotiated the sale of the Goldbug negotiated the sale of the Goldbug group of four claims in the western foothills, in Camp Floyd district, on which he had an option and a bond, the purchases price being \$16,000. The purchasers of this property are among the leading business men and capitalists of Evansion, who will at Chisholm, the payment of the regular monthly dividend of the company has been postponed from today until the 20th of this month. The dividend, as usual, will be \$40,000, or a dollar a share, making the grand total paid to date of \$1,680,000.

> Judge Sherman, of the Sunshine, who came in from the mine Monday night, informs The Heraid that the mine is now looking better, and that in the treatment of Sunshine ores the mill is gradually working up to its full ca-pacity, which, with the late successes in the method of ore reduction em-ployed, means that the Sumshine will soon be on a dividend paying basis.

> moon be on a dividend paying basts.
>
> The Herschel Gold Mining company has just issued an interesting prospectus of its Mercur properties, which is descriptive of the claims embraced in the Herschel group, and also makes mention of the intentions of the company in the matter of its development. Accompanying the prospectus is a fine, five-colored map, showing the relative position of the Herschel group in connection with the location of the big producing mines of the camp.
>
> Colonel Nick Traweek, who is in from

Colonel Nick Treweek, who is in from the Cannon company's group of claims, adjoining the Mercur mine, lately secured by himself and Mr. A. Hanauer on a short bond, states that the property is showing up well. From the bottom of the 350 foot shaft in this made for a visit of inspection to the mammoth plant by a large number of prominent citizens.

When the weather is fine, the trip up the canyon is a delightful one, and anticipating such a condition, it was intended to take the party out today, but the storm interfered and the tour has been postponed until Friday.

The invitations sent out yesterday read as follows:

You are most cordially invited to visit the works of the Big Cottonwood Power company, in Big Cottonwood Power company has

A HANDBOOK OF UTAH MINES.

I have this day transferred and sold to Robert W. Sloan all my right to publish a handbook of Utah mines. Mr. Sloan will complete the book as originally designed and fill all confracts made with me. His well known adaptability for this work will commend him to all interested in Utah's great mineral wealth, and the successful issue, assured by his energy, will aid materially in advertising Utah.

James Hamilton, burglary, April 22.

roads and so the vice-president started horseback.

"By evening he reached Baltimore, and decided to stay there overnight, and so he pulled up in front of the best tavern in the town and entered. As he did so, a gang of young loungers in the corner nudged one another and the little fat landlord started and rubbed his eyes, for Jefferson was bespattered with mud from head to foot, had on a slouch hat pulled down over his eyes and greatly resembled a rustic farmer in town to sell his produce.

"Have you got a room for me?" Jefferson asked gently.

"For-for you-well no, the house is full, replied the landlord.

"Very well, said Thomas and walked slowly out. Then going up the street he found rooms in a place called the Globe tavern.

"In a moment a man rushed into the first inn and yelled, 'Do you know who you just turned out? That was

"In a moment a man resident motors first inn and yelled, 'Do you know who you just turned out? That was the vice-president of the United States, and the greatest man on earth.' The landlord was horrffied and sent a messenger to Thomas offering him the desirable ground in that locality has been taken.
